Avocados make standard toast of the town

T

east is the ultimate comfort food. This was even a study done at a Cardiff Uni-

versity about why people still go back for more toast. Basically it comes
down to childhood memo-

ries.

The simplicity of the “made to order” breakfast food is fairly able to its

popularity.

Every so often toast has its
day. This past Monday was

for open fires until properly
toasted. “Toast” is the Latin
term for burning.

For the British developed a

for food and in-
ternational trade

in American. Charles

 invented the pop-up toaster in

and most common household

appliances.

What’s new in the world of

Alan and John, 7:30 p.m.

in the toaster and thinks

of the toaster.

I want to watch a

movie. Will you help me

make a DIY sandwich?

And we may not know the

answer right away but if

there is something spe-

cific that I want to know.

reading and I want to

find out the answer.

Perhaps being a

library visitor asking a ques-

tion. Too often, people ap-

proach the reference desk

and say, “This is a stupid

question but...” It’s not that

simple. I love reading and

I want to find out the answer.
